CHAOTIC DISCHORD

I thought CHAOS U.K. brought out the shitest LP ever . But I'm sorry for saying that because it has now gone to 4 nutters without a brain called CHAOTIC DISCHORD . I don't know when they were formed (I don't Chaotic Dischord do) . They all come from Swindon . They all get drunk and make a noise 'cos they hate the people next door (Who is that ?) . They once chopped up their frontdoor for firewood (Well that's what told the Police) . Why ? because it was cold at the time ..... They stole amps and guiters . But never a drum kit to hard (They said) . So EVO STIX use to hit bombs and biscuit tins ... The first thing they recorded was " I'm a glue accident " for RIOT CITY . Then it was " Fuck The World EP " . By then they were to tired so they went to sleep . When they woke up they moved to Bristol . They have just released their LP which came the other Free from RIOT CITY records . It's called " Fuck Religion , Fuck Politics , Fuck you all " . They have also had another Ep out called " Never Trust A Friend " ....

Thanx to Simon Edwards from Riot City for the Lp and the printed sheets . They were design by Ramaid .

CHAOTIC DISCHORD are

Ramaid , Evo Stix , Pex and Ampex .....

<u>The LP</u>

All what the lads do is say words like Fuck , Bastard e.t.c. . Who Did They Think They Are ? .

Tracks on the Lp are

" Anti-Christ " , " Shadow " , " Sound of Music " , " Wild Mohicans (for Wattie) " , " Destroy Peace 'n' Freedom " , " Boy Bill " , " And There Was Cows " , " Punk Aggression " and other tracks . Myself it hate it . I wonder if it can ever can be beaten . I mean CHAOS U.K. was .....

Have You Seen What Is For Sale On Page 5 ? .....

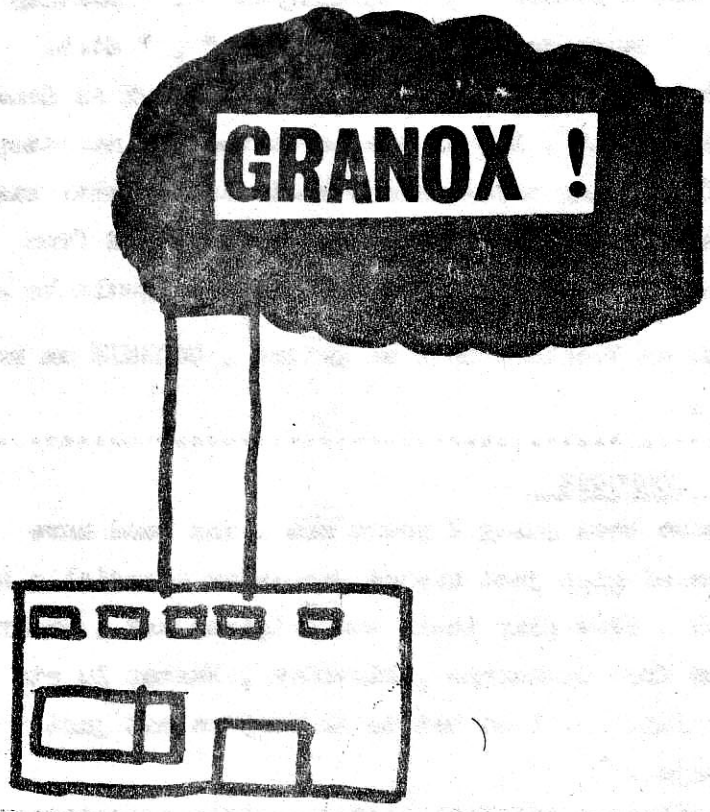
' GRANOX '



The GRANOX are a local 4 piece crass style band . Their name is after an animal feed factory in Widnes . On the 27/5/83 they played a gig at the Vic pub in Widnes . This was the 3rd time I had seen the lads . Before they were on stage there was a wide range of punk music been played . At the same time I asked Tinker the Lead Singer these questions .

Q No I When did the GRANOX start ? .....

Tinker " We started about Oct 8I "

Q No 2 What made you pick the name 'GRANOX ' ? .....

Tinker " It sums up Widnes "

Q No 3 How many gigs have you done & who with ? .....

Tinker " We have done about 5 gigs with On Slaught (from Widnes) & some Warrington band called Mass Hysteria "

Q No 4 What topics do the Granox feel strong about ? .....

(cont)

Tinker " Mostly anti-war but we do feel strong about black + white relections & anti - sexist

Q No 5 Do you do any cover versions ? .....

Tinker " Yes Punk is dead (by Crass) & Tube disasters (by Flux of pink indians) "

Q No 6 What is your song Tough Guys about ? ...

Tinker " It's mainly about when you were a child going to a tough guy . If you kind of get what I mean "

Q No 7 Which bands are the Granox into ? .....

Tinker " System & Conflict "

Q No 8 Who would you like to do a tour with ? .

Tinker " Rolling Stones "

Q No 9 Will you been bring out single/s , LP/S and tape/s ? .....

THANX for answering the questions . About IO o'clock they started . They did there own songs like " Man made " , " P.O.W. " , " I'm not a number " , " Warmungers " , " Destroy to create " , " Law " , " Don't take shit " , " Tough guys " , " Crucified " , " State control " , " Patri mori " & others ..... Not leaving out Crass' version of "Punk is dead " and Flux of pink indians' version of "Tube Disasters" . But at one point the gig was stoppd -d dow to people smuggerling in ale and the fans going a bit wild . Their last number was stopped because someone let off a firework this has lead to the Granox been banned from the Vic . But the Granox have gone better since last time , Maybe one day they gould be a big band . GOOD LUCK LADS .

The DROPOUTS have been going 2 years now . The band have played a couple of gigs just around Lancaster especially at the Polish club . They play their own original set . "the bastards"

In the summer of I98I this band split up because of some problem over the drummer . In Aug 8I The Bastards were formed by Masa,Rike and Sid . The Bastards was without a bassist until Dec when Rietsu was found at a U.K. Subs gig . The Ist real line up was Masa on drums , Sid on vocals , Rike on guitar and Rietsu on bass . The winter of 82 was spent making songs . In the spring Mr Wilenius from ' Propaganda Records ' (a finnsh label) asked them if they were interested in doing an ep . In June the lads went into a studio to record their Ist ep called " The World Burns To Death " . Them 5 songs on an compilation LP . The ep has sold 2000 copies which is a hell of a lot in Finland , Sweden , West Germany , Holland , U.K. , U.S.A. , Brazil etc . The Ist gig was in June 82 , Which was the only one with sid . Soon after Sid was replaced by Lahti . Who happened to be even better than Sid . Although Sid sings better on record .

Up to date they have done Ten gigs in Finland .

They were formed in Jan 82 . Grif and Adie had previously been in a group together called " Delinquent " . They had also been in another band " Dreaded Cult " . They all come from the Halifax/Hebden area . . Their Ist demo tape was in a small studio in April '82 . The tracks were " Kill The Coppers " , " I982 " , Juvenile Delinquent " , and " Look At The Future " . No record companies were interested in them because of bad taping . So they recorded a second demo tape . Tracks were Crime For Revenge , Where angels dare not tread , Dead Generation and Sign of the times . The first 3 have just come out on the Ist Ep . They have done about 20 gigs in Manchester , Bradford , Halifax , Keighley , Burnley , Rochdale , Huddersfield and Hebden bridge .
